

CASE STUDY:

Golden Gem Growers

Rethink

GGG was a 400 member grower-owned cooperative, private label citrus bottler, packing house, and food service distributor in Florida. The Company struggled without liquidity due to operational issues forcing a Chapter 11 filing.

React

Aurora filled the COO and CFO positions and with a broad base of industry knowledge, developed a deep understanding of the key business drivers and issues facing the Company.

Results

Our team led the company through a difficult business transition and Chapter 11 bankruptcy and achieved a successful conclusion through a sale of the company which is still in operation today.
